Unforgettable

As we walked through the doors as freshmen and heard Mr. Peabody say the *THREE* most important words, "Do the right thing," we knew we were in high school. While we were carrying all of our books through the halls as freshmen, graduation seemed like a goal we would never reach. Now, as our high school career comes to a close, it seems that life at the regional has gone by all too quickly. As a class we have witnessed many tragedies, from the shocking Columbine shootings to the disastrous day of September 11th, but we pulled together and surmounted the dramatic events. Throughout our brief journey in high school we have celebrated many events including the Patriots and our own team winning the Super Bowl, getting our licenses and passing MCAS. Although we will never forget the incidents we have overcome, or the moments we have celebrated; going through them with this class...

that's what makes these moments *unforgettable*.

1. Jon Pratti loses his cool on the slopes of Loon Mountain.
2. Three Musketeers, Andy Newby, Chris Goodhue, and Adam Cournoyer are always up to something, even on prom night.
3. Even a rain shower does not deter Spring Track stars Sabrina Gambill, Jen Lin, Lindsey Lessard, Christina Doris, Kristyn Whittington, Kylie Beila, Ryan Buckley, Clint Cooper, and Kevin Murphy.
4. At the football games, drummer boys Jon Wilson and Mike Wood always keep the beat.
5. Ms. LaFleur reviews algebraic equations with Vanessa Valente.
6. Field hockey players Jill McGrath and Lauren Francey munch on lunch after the game.

18. Seeing an opening in the defence, Mike Oxley slides a pass towards the goal.

Younger Years

As a new chapter begins in our lives, we begin to wonder where the time went, the time of our childhood. Everything was simple, and the worst of our worries were whether we would spend our allowance on Pogs or Giga Pets. Every little girl wanted to be a Princess and every little boy wanted to be a Power Ranger. While New Kids On the Block had hits like, "The Right Stuff," we still had to love Paula Abdul's, "Straight Up." We all wanted to be stars on, "The Mickey Mouse Club", and "Star Search," and we all read, "The Babysitter's Club," and "The Box Car Kids." We remember when our best friends were our next-door neighbors, and our parents were our superheroes. At the time, growing up seemed so rough, when, in reality, we had it made. Making the transition from Elementary School to Jr. High was easy compared to coming into B-R, when we were introduced to another town as big as our own. Through the years, we have all blended in with one another to form one, large regional school. Since coming to B-R, we have all grown wiser, have become a little stronger, and have realized that "The Good Ol' Days" were unforgettable.

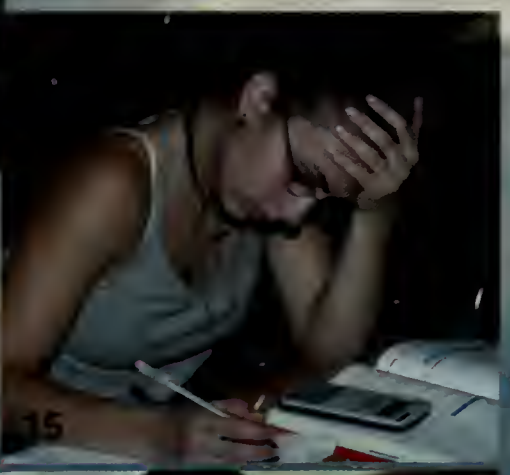
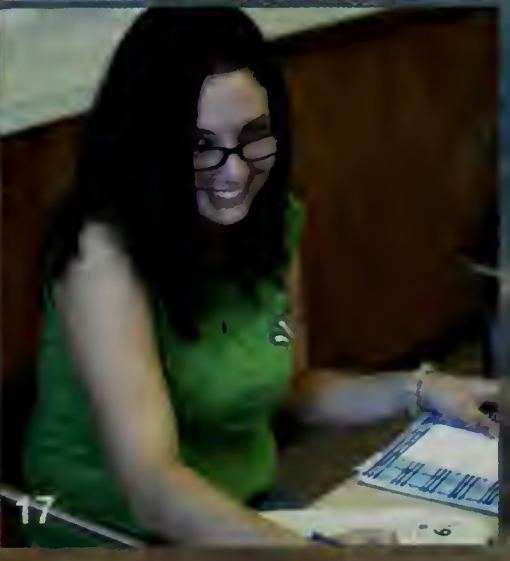
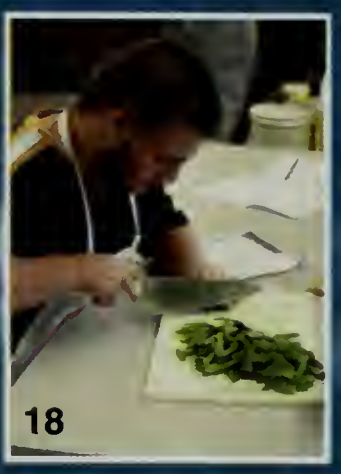
Academics







Whether we want to or not, we can all say that we have learned a lot at B-R. We have all grown up since our Romeo and Juliet days freshman year. Through all the homework and last minute studying, our four years at B-R have finally paid off. As much as everyone hated studying moles in chemistry class, or difficult algebra problems, we can now be proud of what we have accomplished. We are so lucky to have teachers who prepared us so well for the MCAS and SAT's. Although the work seemed tedious at times, the endless lessons and problems our teachers prepared us with helped us through what we thought would be impossible. All of our success we owe to the B-R faculty, who have helped push us in the right direction. As we are ready to enter a new chapter in our lives and race new challenges, we can all look back at our days at B-R and remember the unforgettable experiences that will last a lifetime.

In highschool, friendship is everything. When we first came to B-R, we depended on each other completely. Everything was new; the football games, dances, Pep Rallies, and parties. By being together, and following the example of the upper classmen, we have become a part of something great. As the years have gone by, we have supported and experienced hard times such as 9/11, losing the superbowl, a cancelled Pep Rally, cramming for tests, and all the breakups and tears that came along with them. Together, we have shared laughter, Jr. Prom, camp fires, tons of pizza, winning games, good times on Crane Street, and most importantly, being together. Now that we are seniors, our experiences together have built strong ties and lifelong friendships. As we leave highschool and begin a new phase in our lives, we will always carry the memories and friendships that we made together at B-R.

Seniors

Looking back on these last four years, it feels good to know that we made it, we're finally seniors. When we first entered the building, Mr. Peabody told us these years would fly by. When we think about it, we realize he was right. Each year has brought us new hurdles to clear and problems to solve, but we also had good times along the way. Starting freshman year with the new millennium gave us the momentum to start a new era of our lives. We immediately felt on top of the world as "high-schoolers" but it was shortlived as the upperclassmen quickly put us in our place. We soon realized that being a freshman meant starting back at the bottom and waiting another three years until we were at the top again. At the time, it seemed so far away when really it was just around the corner. At the beginning of our sophomore year, the tragedy of September 11th drew us closer together and taught us to appreciate what we have. Through our trials and tribulations of MCAS, SATs, and the college application process, we have persevered and will be graduating before we know it. Together as a class and as individuals, we have all encountered our own challenges, but when all is said and done, we made it. Congratulations class of 2004!

In Memoriam

Jacob Hagman

January 28, 1985-January 8, 2004

On January 8, 2004, Jacob Hagman, a well-known, kindhearted young man passed away. We will remember him with his dog Magnum, and Mr. Adam Foster together in the hallways laughing and enjoying the experience. As a member of the Class of 2004, Jacob focused most of his energies in school on the subjects he really loved, science and Principles of Technology. Fueled by his passion and gratitude for all the technological wonders this world had to offer him, Jacob joined the FIRST Robotics Team. He and Magnum and Mr. Foster attended several trips with the team. He was also a Life Scout in the Boy Scouts of America and spent years as a good will ambassador for the Massachusetts chapter of the Muscular Dystrophy Association. Jacob was diagnosed with muscular dystrophy when he was very young, but he dealt with the challenge and became an inspiration for all who met him. It didn't matter if it was the hottest day of the year or the coldest winter morning, Jacob was at school raring to go. For all of us who knew him, and for many who will meet him through these pages, we will remember Jacob not as a student, but as a teacher of the life lessons of patience and preservation.

Baby, Look at Us Now!

Remember watching the classic shows "Teenage Mutant Ninja Turtles", "Care Bears", and "Sesame Street?" How about the pain of losing your first tooth and having the tooth fairy's gift make it all better. Our baby years were unforgettable, but now they must be put aside as we step into our future.

Junior Prom

When we look back and reminisce on our junior year of high school, May 16, 2003 stands out as a night we will never forget, the night of our Junior Prom. The prom began with friends and family gathering together to take pictures and capture the moment. The night moved on to the West Bridgewater Canoe Club, laced with soft glowing lights and sparkling chandeliers to reflect the theme of the prom...On The Edge of a Dream. As the girls danced the night away to songs like "Girls Just Want To Have Fun" and "Brown Eyed Girl" in their elegant gowns, the guys strutted their stuff in their flashy tuxes and top hats. The night was brought to an end when Kevin MacDermott and Meghan Daniels were crowned Prom King and Queen. Unfortunately, we could not dance forever, but we will always remember, "These Are the Moments."

1. Diana Kostas asks Lauren Veracka to help adjust the bow on her dress.
2. Meg Hess, Amanda Martelli, Kristine Chiljean, and Katie Saba show off their lovely dresses.
3. Kait Kilroy, Meg Hennessey, Jill McGrath, Jen McGuire, and Laura Dempsey are beaming with excitement.

Mr. & Ms. Regional Dance

"If I could turn back time, I'd give it all to you..." On November 21, 2003 most of B-R's student body gathered together at the annual Mr. & Ms. Regional Dance. The flowing of the music, the sparkling dresses, and the sharply dressed guys made for an unforgettable semi formal, that brought many seniors to realize that it would be their last. The night was complete when seniors Matt Benvie and Meghan Driscoll were crowned Mr. and Ms. Regional. Mr. and Ms. Regional 2003 will be a memory we will be sure to never forget.

Pep Rally

We are.... B-R!.....

The gymnasium was packed to the fullest on Wednesday, November 26th with students from grades nine to twelve, as Mr Heaslip led the school in chanting the famous words, "We are.... B-R!" The B-R pep-rally marks the end of spirit week, and that means only one thing... the B-R vs. Silverlake Thanksgiving day football game. Everyone who was in the gym was screaming with all their might as the football players and cheerleaders put on another spectacular show. The football team carried the enthusiasm and adrenaline from the pep rally to the game with them and it showed. The team, once again, was victorious on Thanksgiving, as they brought home a piece of the OCL title for everyone to enjoy before their turkey dinner.

Senior Holiday Party

Hey, Santa, button your coat and hold onto your hat, the North Pole has been taken over!

On Thursday, December 18, 2003, the senior class came together to celebrate the holidays. Candy canes, snowmen, elves, and many more decorations made the lunchroom into a holiday extravaganza. However, some brought a little more than holiday spirit. An array of interesting characters seemed to have gotten their party dates mixed up. Straight from the trailer park came the Hunter Hicks followed by "Mr. Lennon" and his crowd pleasing speech. But nothing can compare with the sight of Tigger and Eeyore from the Hundred Acres Woods and the pineapple living Sponge Bob and his best pal Patrick. Despite the unexpected guests, the class of '04 celebrated a night of holiday cheer.

Underclassmen

The future of our school lies in the hands of our younger friends. As we glance at them, we are reminded of our own experiences that they now face: algebra, getting drivers licenses, and MCAS. We are also reminded of how fast these years have gone by. Now we must pass the torch to our siblings and younger friends, hopefully teaching them to enjoy their years at the Regional and savor the memories . We wish good luck to the classes of '05, '06, '07.

Sports

If you ask anybody to describe B-R athletes they would say "winners." Wheather the game, match, or meet ends in our favor or the opposing teams favor, B-R atletes are still winners. On and off the field B-R athletes are dedicated to their work and determined to do their best, but what makes B-R athletes stand out above the rest is our excellent display of sportsmanship. No matter what sport it is or what season we're in, B-R teams work their hardest to win and take home an Old Colony League championship, but the goal that means the most is good sportsmanship. When we grow up and tell our kids about our life in high school, we will not be telling them the score of the third game in our senior year, or how many points we averaged in our junior year... We will be telling them about the friends that we made and all the fun we had. In the end, it's not about winning or losing, it's about the memories.

1. Justin Driscoll drives to the hoop.
2. Meghan Feeley sends the ball back where it came from.
3. Jen Welsh flys by her defender.
4. Chris Bodensieck strikes the ball back to his opponent.
5. Hurling the discus, Meg Driscoll captures another victory.
6. "We want a rally..." The team pumps each other up.
7. Matt McDermott drives for an eagle.
8. After defending themselves the hockey team moves into position to score.
9. Jen Welsh, Julie Wigley, and Casey Buczek dash to the goal.
10. Serving up the ball, Danielle Tardivo, gets another Ace.
11. Chris Joyce recieves the kick-off.
12. Andrew Grant takes a break from playing goalie.
13. Sisters, Becky and Kate Kennedy share a moment together before the track meet.
14. Jon Frizzel fields a ground ball.
15. Jen Wigley goes down for the block.
16. "Stick down," Jen Welsh!
17. Nick Spencer fights his way on top of his opponent.

In the 2004 season the Boys' Varsity Football team tackled themselves into an 8-2-1 record; good enough for first place in the Old Colony League. Led by team captains, Matt Benvie, Mike Cronin, and Frank Pacheco the boys were inches away from yet another post-season run. With Coach Buron drilling discipline and a hard work ethic into his player's heads, he did not expect anything less. Next year Coach Buron will have to do with out his three senior captains and the rest of his senior squad, U.D. Nwosu, Brett LeClerc, Chris Joyce, Jon O'Brien, Bryan Bissonnette, Steve Yelle, Kevin MacDermott, Dustin Crossman, J.P. Morrison, Ryan Hennessy, Dean Guasconi, Curtis Harrington, Sean Gilrein, Shaun Wilcox, Alec Tolivaisa, Jim Freyermuth, Matt Mahoney, Keith Nicholson, Kyle Ross, Matt Beane, Gavin Killea, and Collin Florence. However, he has a lot of veterans returning to his roster.

The Varsity Baseball Team had its most successful season since moving into Division One. During the regular season, the team finished second place in the Old Colony League behind the Taunton Tigers. Coach Kearney and Captains Matt Peabody, Steve Prisco, and Jason Akstin lead the team in one of their most competitive seasons ever, making it into the post-season with a winning record of 10-4. In the post season the boys went through Sharon, Stoughton, D.Y., and OCL rival Taunton, to get to the South Sectional Championship where they defeated Xavarian to take home the Southern Massachusetts Crown. In the state semi-finals, the boys lost a one run (2-1) heartbreaker to Malden Catholic High. Coach Kearney got strong efforts from first basemen Pat Callahan, pitcher Chris Joyce, catcher Oscar Singson, and Brett LeClerc. The 2004 Team Captains Jon Frizzell, and Dustin Crossman, with the rest of the team, will work hard in the off-season to try to take home the OCL title with hopes to take one step more in post-season play.

The lady Trojan Softball team had yet another successful season, making it to the tournament once again. The team, led by Captains Melissa Cabral and Natalee Crimmins, placed second in the OCL. Catcher Meghan Feeley took home the OCL Sportsmanship Award, and team members Melissa Cabral, Natalee Crimmins, and Stacy Berard were OCL All-Stars. In the preliminary round of the tournament, the lady Trojans overcame all odds when they defeated Durfee 6-0. The emotions in that game were intense, and the adrenaline was pumping strong. The girls used their team chemistry and played with a lot of heart to defeat a team they had not beaten in the previous five meetings, taking them to the next step in the tournament. In the following tournament game, the girls lost a heartbreaker. The game was a one-run, extra-inning battle with New Bedford (1-0). The girls left New Bedford with their heads up, looking forward to next season.

The field events also play a major and is a necessary role in tight meets. Whether we need a win in shot put, javelin, or discus, someone was there to step up. All the hard work and determination paid off in the end. We hope the boys can continue their success in the years to come.

GIRLS' SPRING TRACK

The girls won their second Old Colony League Championship in a row. Getting to that Championship was not easy. Many hours of practice and preparation was a necessity with the coaches so that the girls would get as far as they did. Whether it was with Coach Denise, "Mother Goose" as she was so affectionately called, Coach Urban motivating every person on the team, or Volunteer Coach Lou, cracking jokes with his shot put and discus throwers. Everyone contributed to the victories, and the girls look to capture another Championship next season.

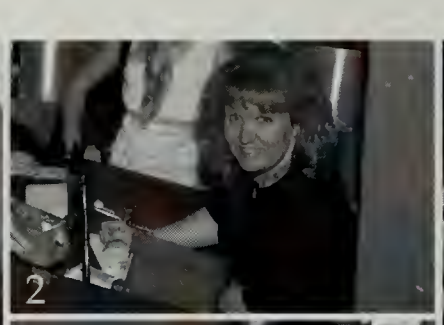
Cartoon by Adam Cournoyer and Gavin Killea



Last year's production of Grease was a hit, as all three nights of the show were sold out. Seats were set up in front of the stage and people filled the lobby to see the show. On May 1st, 2003 Grease debuted to a sold-out crowd. Michael Vachon played "Danny" in his first B-R role and Emily Goudreau returned to the stage for the third year in the role of "Sandy." Other cast members included Gavin Killea as "Kinickie," Zoe Furtado as "Rizzo," Michael Morlani as "Doody," Alicia Spector as "Frenchy," Greg Webber as "Roger," Jessica Phaneuf as "Jan," Julie Wood as "Marty," Tyler Clancy as "Sonny," Josh Webber as "Eugene," Kerry Whittaker as "Ms. Lynch," and Laura Hubbard as "Patty Simcox." The show's "Teen Angel" was played by the dashing Adam Foster. We cannot however, look past the hard work and dedication put in by the chorus. Ms. Kelley Baran directed and choreographed the amazing dances and intricate scenes, Ms. Janice Issa conducted and musically directed the cast, Mr. Jack Phaneuf designed yet another spectacular set with the help of the dedicated set crew, and Ms. Linda Blocker put together the lighting for the show. However, the musical could not have happened without Ms. White's dedication and organization of the cast, crew, and staff. She has been with the musical for over fifteen years as Production Manager, Assistant Director, Producer, and Director. Thank you to all the cast, crew, and staff for an amazing performance that will go down in B-R history.

Habitat For Humanity

The first year of Habitat has been off to a great start. The club was started by an inspired student, Jennifer Hubley, who after a trip to Mexcio where she assisted in building housing for families with little or no income, felt the need for B-R and students like her to get involved. Habitat for Humanity is a non-profit organization that helps eliminate homelessness and poverty by aiding and providing housing for families in need. Here at Bridgewater-Raynham, we haven't built any houses yet, but we are doing our best to help by raising money and becoming involved with our surrounding communities. Our facutly advisor is Ms. Grublin, and we have an excellent committee, Brittney Nichols, Caitlin Greely, Mark Madonna, Ashley Haynes, Matt Grein, Kate Turner, and Mike Vachon, who make important decisions and help spread Habitat news. With the help of Mr. Kostka, we have been able to become involved in the new and upcoming build in Kingston. This year our club has helped raise over $2,000 dollars for that build, by sending our members to the Independence Mall to run the Santa Train, Twenty percent of the profit goes to Habitat. We have been holding weekly meetings and have big plans for the rest of the year. By the close of the 2003-2004 school year, our club plans on designing T-Shirts for fundraising, organizing the "Walk and Rock" walkathon, building, decorating and selling birdhouses for South Shore Habitat's Annual Birdhouse Fundraiser, and making and delivering lunches to workers on the worksites. We have had a great first year, and we hope their are many more to come.

Each day staff members of *Unitas*, *The Regional Sound*, and the weekly calender put in time, effort and creativity to bring out the best in B-R publications. It all begins each week with the school calender. Calendar editors Amanda Hall and Amanda Marr gather school and sports events to put together an informative reference for students and teachers. Kerry Whittaker and Peter Drosos have worked extremely hard on the *Regional Sound* in an effort to present the school with a polished and professional newspaper. Since the end of the 2003 school year the quad-editors, Sarah Correia, Stacy Berard, Cassie Thielker and Danielle Prescott have stressed, worked overtime, and have had a real life experience working with staff members and deadlines. We have all worked diligently to make the publications here at B-R the best they can be, and hope other students have appreciated and enjoyed them and will continue to do so for many years to come.

The student council of B-R is made up of students who are dedicated to improving their school. During Thanksgiving every year they run a food drive to help needy families in our towns. Along with feeding our neighbors we help our students find the perfect match with matchmaker. With all the money we raise from Matchmaker it helps students, who have given so much, by rewarding them with a scholarship for their services.

Unitas staff members interviewed the 12 teachers retiring in June 2004. Here are questions and their answers.

1. How many years have you been teaching at B-R?
2. What was your most memorable moment at B-R?
3. What are you going to miss the least?/ most?
4. What was your funniest moment?
5. What was your most embarrassing moment?
6. What advice could you give to new teachers?
7. How has B-R changed?
8. How is educating different?
9. What are you going to do after retirement?

1. Mr. Maurice Botelho

1. Teaching 1966-1977 and a guidance counselor since then. 2. Scoring three baskets in one of our annual student faculty basket ball games. 3. I will not miss the 5:30 am wake up everyday. The most is the kids they have a way of making my age feel young. 4. Trying to play in our annual student faculty basketball game. 5. The day I fell asleep in front of a student as I was listening to her in a counseling session, I was also sick with a cold that day. 6. Treat the kids with respect and be patient. Do not judge them to quickly or at all. 7. Too many students to teach with, the building, and the staff that we have. 8. It is more sophisticated and to complex than it was when I started. 9. Ride my motorcycle, play golf, go to the gym more, travel, and spend more time with my 5 grandsons.

2. Mr. Philip Capen

1. 35 years 2. Making tenure 3. Correcting papers and I will miss the kids the most. 4. I have to keep that a secret 5. I did the pledge with my fly down and my white shirt out. 6. Get involved beyond teaching 7. Bigger classes, larger school, don't see staff as much as usual. Don't have much interaction.

3. Ms. Joan Casabian

Ms. Casabian taught Physical Education and coached at B-R for over thirty years. While she coached a variety of sports, her passion was Field Hockey. She inspired her close-knit team to give their all to the game. Any athlete who played under Ms. Casabian will remember her favorite saying, "There is no "I" in team."

4. Dr. David Chuckran

1. 26 years 2. Super bowl victory- Doug Bessette 3. Waking up at 5:00 am. 4. 5. When I picked up the human body model by the head and it fell on my foot and broke a toe. 6. There are ups and downs, good times and bad, stay the course. 7. The class size, and the number of students has changed greatly since 1977. 8. Standards- standardized tests and accountability- it is good, something I think we needed a long time ago. 9. Take some time off in the summer and go back and work in education- probably on a part-time basis.

5. Mr. William Crane

1. 34 years. 2. In a four day span during 1974-1975 our first child was born, we passed papers on our house. and my hockey team won the championship of the 16 team Silver City Tournament. 3. Getting up early, faculty meetings, immature, rude, unmotivated kids. I will miss friends on staff, mature, respectful, motivated students, fun in classroom. 4. Too many to remember, Dick Schneider an English teacher, leaving a lit cigarette on the edge of a lamp table in the teachers room and having it fall into a trash can and start a fire. 5. Too many to remember. 6. Be yourself, don't take any flack from anyone, have a sense of humor, remember it's about the kids. 7. Sense of pride present in 70's and 80's among staff and students just isn't the same now. 8. Money has become more important than education. It drives virtually every decision. 9. Sleep late, golf and ski on weekdays, and travel.

The accumulated years of teaching of the teachers on these three pages totals years!

6. Mr. Stephen Heaslip
1. 37 years. 2. The student rally following September 11th, 2001. 3. Getting to work at 6:45, Colleagues, students, ski trips, and athletic events. 4. Watching the Mr. B-R competition with Mr. Sarantopolous and Mr. Kearney as MC and last year's student- faculty basketball game. 5. Stumbling over a few words when I spoke at graduation two years ago. 6. Never issue ultimatums, make sure you like kids if you want to succeed in this line of work. 7. Much, much, much more crowded, sports teams, and school spirit is much better now, and the way kids dress today is different. 8. Much more teacher accountability, use of technology. 9. I have grandchildren (soon to be five) and I want to play a meaningful role in their lives. I would like to do some traveling with my wife. I hope to read, ski, and golf far more than I am able to at present. I would like to be a community service volunteer in some way and possibly return to part time teaching. Finally I will always think of myself as a part of the B-R family and I will continue support our school in any way possible.

7. Mr. Jackson
1. 34. 2. OCL Championships. 3. I'll miss making friends the most. 6. Get a part time job. 7. Too many students too few teachers. 8. Lack of self discipline in students. 9. Owner of Hyannis Yacht Charter, teach at New England Maritime.

8. Mr. John Lennon
1. 29 years. 2. I and class officers ran a fund-raiser. It was a concert performed by the band Southern Comfort. It was great! 3. Paper work that is not germane to teaching English; interaction with students in a variety of different ways on a continued basis will be what I miss. 6. Choose something that you have a passion for only then can you do to work on a continued basis because you want to. 7. Fewer class offerings, fewer full time classroom teachers, more students, no individuality, less concern for the individual student with teacher process. 8. It is paramount in education now to teach for the test. No longer do we have the opportunity to digress into areas of literature that might be of interest to some of our students. Learning for fun is no longer an option. 9 . Relax, read all of the books I want to read, I am not going to feel guilty about reading instead of doing school work are two things. My wife and I will visit places we have not been to. Some of my time will still be spent enjoying the company of my wife and just kicking back.

9. Ms. Nora Mantell
1. 34 years. 3. The dust and dirty floor in my classroom. I have asthma and it's gotten worse this year. The malapropisms in kids' themes like: "At the local pet store, my father and I were given some erotic shrimp-like food in a gigantic container that was an excessive amount of money, turtle pellets, and guppy feed fish to choose from." 5. The time I mistook my cat's heart pills for my vitamins, took an overdose, ended up in the emergency ward, and had to put up with intercom messages of "Miss Mantell, please call you veterinarian" from the main office.

10. Ms. Diane McGuire
1. 34 1/2 years. 2. When Jen Grunin, valedictorian of the class of 1999 gave her speech at graduation and thanked me for being her mentor. 3. Deadlines; the people, students, and colleagues that I worked with for years. 4. Trying to demonstrate Polonius hiding behind the arras and I got up on the shelf next to the windows and hid behind the drapes. 5. Accidently wearing two different shoes, walking into the trash can or desk drawer more times that I can count. 6. The most important part of teaching is to plan well and get to know your students and see them as individuals 7. New English and social studies wing, new gym, two courtyard rooms. 8. Technology access is so quick and easy now, students find answers instead of teachers giving answers. 9. Design and make enough quilts to cover the state of MA, enjoy my garden, and travel.

11. Mr. Jack Phaneuf
1. 31 years. 2. I remember one day Stacy George, a former student, who just graduated from the Savannah School of Art, ran into my room, in the middle of a class, jumped up on a table and pointed at the Calvin Collage "Persistence" quote and proclaimed: "That's what got me through school...don't forget this." She said bye and left. 3. The relentless schedule, getting up at 5:30 am, and the 20 minute lunch, faculty meetings and in service days; students. 4. Too many to recall...maybe posing for my drawing students with my "Vent-Man" costume. 5. While showing my students how not to use a knife, I lacerated my left arm and had to leave school to get stitches. 6. Love your subject matter, empathize with the teenage students (remembering your own teen years) Learning to articulate clearly what your trying to teach, be patient and above all, be yourself. 7. Not as friendly, reflects our culture. 8. Too much technical stuff required. 9. I'm going to teach privately in my classroom that I made in my barn...and rest.

12. Ms. Kathleen Swann
1. 27 years. 2.When a student says, "You've helped me and have made a difference in my life" 3. The people who make up the B-R community; Getting up every morning at 5 am. 5. When a student said "Mrs. Swann, why are your shoes two different colors"? I never noticed I grabbed the wrong shoes out of my closet. 6. Work hard, challenge your students to be the best they can be. 7. The population had gotten bigger, the building older. 8. Technology has changed the approach to many topics. 9. I'm moving to the Cape and hope to take time to enjoy what lies ahead. Thanks, B-R I'll miss you.

13. Dr. Linda Brouilette
1. 35 years.
Dr. Brouilette started teaching Reading and English and then moved into the Special Education Department. She has devoted countless hours to improving the educational experience for her special students.

The Last Page

The Unitas staff must say good-bye to their long time adviser and friend, Ms. Diane McGuire who will be retiring this year. Ms. McGuire has been a dedicated member of the B-R faculty for nearly thirty-five years. She has taught almost every grade and level in the English Department. Her students will long remember her enthusiasm when teaching *Hamlet* and *Moby Dick*. Famous for her props, her Burger King crown helped set the stage for intrigue at Elsinore. Desks transformed into long boats manned by students conveyed the danger and excitement of the hunt for the great white whale.

Ms. McGuire's enthusiasm for writing led her to re-establish the school newspaper and to take on the challenge of the yearbook which she regards as an historical document recording the lives and times of B-R students and staff. Ms. McGuire also started the Creative Writing Club after students approached her and asked her to be their adviser.

Very early on, Ms. McGuire recognized the contribution technology could make in publications. She was the first to use computers to create the newspaper starting in 1985. In 1993, she transferred that expertise in desktop publishing to the yearbook. She has over the last eleven years she has brought the publication of the yearbook into the twenty-first century by adding pictures in digital format. With her understanding of desktop publishing techniques, she has worked tirelessly to teach her students publishing skills that will help them create yearbooks their fellow students could look upon with pride.

Ms. McGuire leaves with mixed feelings. While she will miss the joy of teaching, she looks forward to retirement. She plans to exercise her creativity in her quilt work. She has many original designs she hopes to turn into fabric art. She also plans to travel for inspiration and enjoyment. We wish her years of happiness in all she does. We will missed here at B-R.

Maisie, Pumpkin and Twitter smell like the last page of my last yearbook.
